

# Mac Companion

## Hard Drive

**For fast, high capacity, convenient Mac digital storage to use at home, school, or in a small office.**

- Multiple interfaces plus a charge/sync port for Apple devices!
- Space saving design frees up your desktop
- Fast 7200 RPM transfer speed!
- 3 year limited warranty when you register your purchase

## Everything you need on your Mac desktop in a space saving design!

**High performance.**

Fast transfer speeds available including FireWire 800 and USB 2.0 interface connections which are perfect for creative professionals and home users who want to save audio, video, graphics or media collections and want a fast, durable, and stylish storage solution. 7200 RPM drive speed means you get the best performance for each interface connection.

**Versatile.**

One USB 2.0 port, two FireWire 800 ports, and a two port integrated USB 2.0 hub lets you connect multiple devices. Easily add other peripherals like a printer or other external storage. Up to 3TB of capacity allows you to easily save all your music, photos, and videos.

**Convenient.**

The space saving design stacks on the iMac base or under your Mac monitor. The drive is HFS+ format for ease of use right out of the box. For the ultimate in convenience, a USB port (2.1 amp) is included on the side of the drive to charge/sync your iPad, iPod or iPhone device! (Apple products sold separately) Plus, a handy capacity gauge on the front of the drive keeps you informed of how much room you have to store data. Iomega Protection Suite software is included for no additional cost (via download) with Mac friendly options for backup and anti-virus protection for your computer.

**Save all your audio, video, graphics or media collections with this fast, durable & stylish storage solution.**

With up to 3TB of capacity, you can save all of your media projects and more. FireWire® 800 and USB 2.0 connections and 7200RPM drive speed lets you easily work with large video, photo, or graphic files.
